Big Game Saturday Night

Next Saturday evening will see the last basket ball game of the season when the Wrangell team clashes with the Petersburg team at the Rink. Two games are scheduled for the evening, a ladies game and the boys game. The ladies game will be played first, starting promptly at 8 o'clock and will be immediately followed by the boys game, and after the boys game the management of the Rink will give a big dance.

The lineup of the ladies team will be,

This is your last chance to see a big game this season so turn out and help boost for the home team. A large bunch of Petersburg rooters are coming over, so everybody be at the dance and lets show them as good a time as they extended to Wrangell during the boys' stay at that fair city.

Fred Brockman Passes Away

Fred Brockman, an old timer on this coast and well known throughout Southeastern Alaska, died at his home a few miles south of Shakan, Sunday evening Feb. 14th, of paralysis. The remains were brought to Klawock and buried on Thursday. Mr. Brockman was stricken with this dread disease about two years ago and had been in an almost helpless condition ever since.

Grants Entertain At Cards

Mr. and Mrs. J. G. Grant entertained at cards last night at the Wrangell Hotel to a number of their friends. Whist was the diversion of the evening, Mrs. Paul F. Stanhope winning first score for the ladies and Mr. Henry Dannenburg first score for the men, and Mrs. Wm. Reade and Mr. Chas. Lynch consolation prizes. After the cards lunch was served by the men from a beautiful White Lunch Booth, the men serving their partners drawn from the cards. The evening was a very pleasant one, and the unusual feature of the party made it very pretty and was thoroughly enjoyed by everyone present.

Shot In Knee With Rifle

A. J. Young, superintendent of the Hetta hatchery, was brought to the Benawa hospital at this place on Feb. 19th suffering from a gun shot wound in the left leg just below the knee joint. It seems that Mr. Young had a twenty-two special rifle and was very particular to charge the children not to handle or use it in his absence, but Mr. Young having been absent for a few hours on the day of the accident and on his return discovered that the gun was not in its accustomed place and charged the youngest boy of having had it out, which the lad strenuously denied and to demonstrate that the gun had not been used and was not loaded, proceeded to manipulate the same with the above result. Mr. Young is getting along fine and will soon be out and about his business.

Firemen's Ball Great Time

The Firemen's Annual Ball given at the Rink on Washington's Birthday, last Monday evening, was a very decided success in every way, and turned out one of the biggest dances ever given in the history of the Wrangell Fire Department.

The boys went to an extra expense to give the dancers good music and they were certainly well repaid for their trouble by everyone present having the best time of their lives. The music was furnished by the Wrangell Orchestra and was assisted by Mr. Werner Borg of Ketchikan, with drums and traps, which certainly made a big hit. Mr. J. G. Grant acted as floor manager for the evening and certainly carried everything through in his highly capable way, seeing that everyone present enjoyed themselves.

Much of the credit of the success of the big affair falls on the shoulders of Messrs Purinton and Lewis of the Rink, by the way they helped the committee and the Fire-boys out, by donating the Rink and helping with the setting of the dance.

The big feature of the evening was the moonlight waltz, which was one of the prettiest dances ever seen here, the big full moon rising back of the stage at the start of the dance and crossing and setting on the other side; all the rest of the lights in the big hall being out except a colored circle chaser in the center of the big hall.

The ball was a good success and although the boys cleared little money for the Department, they gave a dance that will long be remembered by the dancers of the community.

Wreck Proving White Elephant

The Canadian wrecking steamer Salvor made port on her way to Sumner Island early this morning and left for that place where the wreck of the Delhi lies, shortly after noon. Capt. W. H. Logan who was on board as the representative of Lloyds, made the statement here that the underwriters were satisfied that the wreck was in such a condition that they did not care to spend any more money on her, and would allow Sayles and Lancaster to retain possession of her. They do want the pumps on board at the time, and will probably make arrangements to satisfy the local men's claims against them and get them back. —Ketchikan Miner.

School Show Very Pretty

"Cinderella in Flowerland", the pretty little four act play given by the Wrangell Public School last Saturday night at the Rink, was one of the biggest hits that the school has ever made in Wrangell.

To try to define the individual acts of each character is beyond us, but suffice to say that each and every one of the thirty-three children in the play covered themselves with honor and shown that many of the children have excellent talent along that line. Miss Florence Billion playing the lead as Cinderella, and Mr. Ned Lemieux as Prince Sunshine, each carried their parts through to perfection. But the real hit of the play was the little butterflies, Violet Olsen, Olga Hanson and Gertrude Carlstrom; the little girls being very pretty and carrying their parts well, although the little boys playing the parts of Sunbeams, demand a share of the hits.

That evening was a success from every way; and the teachers and all the pupils certainly deserve much credit for the way they worked and mastered the play making it the success it was.

All signs point to an unusually large influx of strangers into Cermany this spring:—Prince Rupert Empire.

Printing Point Does Not Bob Up and Down

In an L. C. Smith & Bros. Typewriter the point on the paper which is to receive the type impression is stationary at the instant the type hits. The carriage does not bob up and down when the shift is made to write capitals.

Why?

Because the *type* is shifted—not the *carriage*.

The only movement of the carriage is back and forth on its closely adjusted ball bearing runways—and this does not take place while the print is being made. There is no lifting of the carriage.

This is one reason why L. C. Smith & Bros. type-writing is free from blurs and every letter in the right place.

WEST COAST NEWS

F. E. BUTLER, EDITOR : Craig, Alaska

Mr. Wood and his new bride, ne Margret McCloud, of Howkan, are spending a few days here visiting friends and relatives.

Mrs. John Boro entertained her lady friends at tea on the afternoon of the 18th. Mrs. Elliott and Mrs. Royalty acted the hostes in receiving. A pleasant afternoon was had, a part of the time being spent in the game of rock

Our "grape vine" hot-air wireless is just now out of commission as the chief operator is at Sitk chaing the elusive herring, so that our usual budget of foreign and domestic "dope" is greatly missed.

Mr. Weigle, chief officer of the forestry service in this division, was in town last week on official business with the ranger in charge of the station at this point.

George Holmes, foreman of the Roe Point cannery, and an assistant are here taking out one line of machinery from the cannery to be installed in the one at Roe Point.

This community experienced the first real symptoms of winter this season on the 15th inst. snow falling to about the depth of six inches. The change was really pleasant and to the small boy with a sled, hailed with delight.

Frank Burkhardt, superintendent of the cannery at Waterfall, was in town a few days since. Frank says they are preparing to put up an increased pack this year and will put a force of men at work the first of the month to put things in rediness to grab the first run of fish that shows up.

The Moose gave a party in their new hall on the evening of the 17th. Dancing and cards was the order of the evening. Ice cream and other refreshments were served. Judging by this their first party, we venture to predict that the boys will soon achieve a reputation for giving good clean entertainments that will assure large attendance upon their future public functions.

Capt. John Juel has resigned command of the Murrett and if now contracting sales agent, or "bar-ker" for the Wesco Fish Co.

Mr. and Mrs. Frank Thompson, Mrs. A. Z. Doty, Miss Ginther, Mr. J. H. Hall and Ray Linton celebrated Washington's birthday by an excursion on the launch Turen to the head of Big Harbor where they indulged in the pastime of fishing for red snappers and taking snap shots of one another with a Brownie kodack. On their return to town in somewhat disheveled condition they repaired to the Doty residence, and after a hurry up call from Dr. Benawa of the Benawa hospital, all hurts of feelings and otherwise were adjusted and healed and a real joly time was had and from sounds emanating therefrom hilarity was at high tide.

A brand new baby girl made its appearance in the family circle of Mr. and Mrs. Ed Williams a few days ago. While this one is number two Ed walks with head up and eyes upon the sky. No race suicide in this latitude.

Mr. Fred Conden with his family have moved into the Mecker residence, corner of Third and Spruce streets, and are now permanent residents of this fair city.

The Royal Order of Moose are now permanently located in their new hall, having moved in the 13th and held their first meeting in heir new quarters that evening.

Mr. and Mrs. Grav, of Ketchikan, have been spending a couple of weeks here visiting Mrs. Gray's sister Mrs. Hall Gould and her many friends here.

On Saturday evening, the 13th inst, an informal dance was given in honor of Mr. and Mrs. Gray of Ketchikan. Delicate refreshments were served and, all in all, it was one of the enjoyable events of the season.

Mr. Babbitt took the gasoline launch Ranger No. 2 to Ketchikan a few days ago to have her machinery overhauled and repaired.
